

INSURANCE FOR FITNESS CLUBS AND INSTRUCTORS

APPLICATION FORM

INTRODUCTION

The purpose of this application form is for us to find out who you are and to obtain information relevant to the cover provided by the MedSurance® FIT policy. Completion of this application form does not oblige either party to enter into a contract of insurance.

Insurance is a contract of utmost good faith. This means that the information you provide in this application form must be complete, accurate and not misleading. It also means that you must tell us about all facts and matters which may be relevant to our consideration of your application for insurance. Any failure by you in this regard may entitle us to treat this insurance as if it never existed. If a contract of insurance is agreed between you and us this application form will form the basis of the contract.

Important: Some Insuring Clauses of this Policy provide cover on a claims made and reported basis. Under these Insuring Clauses a claim must be first made against the Insured and notified to us during the period of the policy to be covered. These Insuring Clauses do not cover any claim arising out of any actual or alleged wrongful act occurring before the Retroactive Date.

HOW TO COMPLETE THIS FORM

Whoever fills out the form must be a principal, partner or director of the applicant firm and should make all the necessary enquiries of their fellow partners, directors and employees to enable all the questions to be answered. If you require any extra room to complete the answers to questions contained within this application form please continue your response in the Additional Information section at the back of the form. Once you have completed the form please return it directly to your insurance broker.

SECTION I: APPLICANT DETAILS

1.1 Please state the name and address of the individual or company for whom this insurance is required. Where the applicant is a company, cover is also provided for all of the company's subsidiaries, but only if the data for all the subsidiaries is included in the answers to the questions contained in this form:
